Ron,

Sorry about the delay. Here is a copy of the comments to your workplan. Your workplan was well thought out and concise. Very minimal comments.

In addition, do you still need a response to your budget request? Would you need to submit a new one w/out the moving expenses? As I understand, the Reno-Sparks Indian Colony has not approved the lease agreement with the Summit Lake Paiute Tribe. Is this correct?? What address do I send correspondence to the Chair?

Let me know and I will respond to your budget revision request.
